ATTN: Agenda Docket Clerk

RE: Docket No. 2009-1691-AIR
East Texas Precast Co., Ltd.
Requests filed on Permit No. 86593

TEXAS
COMMISSION
ON ENVIRONMENTAL
QUALITY
2009 NOV 13 AM 10:07
CHIEF CLERKS OFFICE

In accordance with 30 TAC §116.611(a), East Texas Precast Co., Ltd. (East Texas Precast) has filed a registration for authorization of a concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants effective July 10, 2003. East Texas Precast indicated in the registration that the facility will be constructed and operated in compliance with the general and applicable requirements of the standard permit. TCEQ staff deemed the registration to be administratively complete on November 3, 2008 and technically complete on November 18, 2008.

Under 30 TAC §116.610, "...a project that meets the requirements for a standard permit listed in this subchapter or issued by the commission is hereby entitled to the standard permit...". East Texas Precast requests that the Commissioners approve authorization for operation of the subject concrete batch plant under the standard permit without additional delay resulting from hearing requests/requests for reconsideration.

Please do not hesitate to contact me if you have any questions or require additional information.

Sincerely,

East Texas Precast Co., Ltd.

Bob Diakiw
President/CEO
